

Product Change Notification

TE Connectivity

Product Change Notification: PCN-22-152896

PCN Date: 21-SEP-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:	
T9S, T9V series relay	

Description of Changes

Dear customers, please be aware of an upcoming feature change to the listed T95/T9V part numbers with the new melted sealing technology, there is no impact on the product performance with the change. You can see comparison details in the below PCN images table. Before:1. for the sealed type, it's a sealed nib vent hole on the cover, and use UV glue torther and cancel the vent hole on the cover. After: 1. for the sealed type, it's a ponend nib vent hole on the cover finally, not use UV glue further and cancel the vent hole on the base 2. for the vented type, it's a openend nib vent hole.
