**PTN 20150817002
UCC27201QDDARQ1 End of Life
Product Withdrawal/Discontinuance Notification**

Date: 9/3/2015
To: Digi-Key PCN

Dear Customer:

Because you have purchased one or more of the products listed on the attachment during the past twenty-four (24) months, we would like to know if you have any continuing requirements for them in the future. We would appreciate your advising us of any such requirements and estimated quantities needed as soon as possible.

In an attempt to satisfy any continuing requirements you may have, TI is offering a non-cancelable lifetime buy for the product. Related dates are included on the attachment. We will contact you as soon as we have completed our review of all customer responses to determine the appropriate course of action required to satisfy your needs for this/these products.

This notification period is per TI's standard process. Customers with previously negotiated, special requirements will be handled separately. Any inquiries should be directed to your local Field Sales Representative.

If you require additional supply beyond the dates defined in this letter, please contact your local Field Sales Representative to determine if the parts may be available from a TI-authorized distributor for discontinued products. There is no guarantee of continued supply for these products.

For questions regarding this notice, contact your local Field Sales Representative or the PCN Manager (PCN_ww_admin_team@list.ti.com).

Sincerely,

PCN Team
SC Business Services

Change Type:	Product Withdrawal - End Of Life				
Product Withdrawal/Discontinuance Notification Details					
Description of Withdrawal/Discontinuance:					
Texas Instruments, Incorporated (TI) is announcing the obsolescence of the UCC27201QDDARQ1 device. A lifetime buy is being offered with the date given above. A replacement device is being offered as shown in the Product Affected Section.					
Reason for Withdrawal/Discontinuance:					
The device replacement reflects TI efforts to continuously improve device performance. The replacement device has improved robustness to negative transients on the HS pins. It also has an extra die protective layer internal to the package construction to improve early life reliability.					
Product Affected:					
EOL DEVICE		RECOMMENDED REPLACEMENT		REPLACEMENT CODE	
UCC27201QDDARQ1		UCC27201AQDDARQ1		S	
Replacement Notes:					
F = Similar functionality but not equivalent.					
P = Same functionality but not pin-for-pin equivalent and may not be parametrically equivalent.					
Q = Same functionality and PIN-OUT as the compared device but is NOT an exact equivalent.					
S = EXACT equivalent in functionality and parametrically to the compared device.
