

## Product Change Notification

---

### Flexible Printed Circuits – Qualification of Second Source Supplier

---

#### Scope of Change Notification

This product change notification (PCN) outlines the addition of a second source for the Flexible Printed Circuits (Flex cables) used in Finisar’s products. In order to improve supply stability and maintain/lower lead times to customers, Finisar is qualifying a new source for these items.

#### The Finisar Part Numbers affected by this PCN are:

| Product Platform                                     | Affected Finisar P/N   |
|--|--|
| 10G Tunable Modules (Tunable XFP, Tunable SFP+)      | FTLX3815MCC-xx, FTLX5813P3, FTLX66xx..., FTLX68xx..., FTLX69xx...  |
| CFP / CFP2   | FTLX1183xxxx and FTLX1121xxxx  |
| 40G SMF/MMF QSFP+ (LR4, LR4-Lite, LM4, UNIV) Modules | FTL4C1Qx1x-xx, FTL4C2Qx1x-xx, FTL4C3Qx1x-xx  |
| Endurance  | FTE85xx, FTE14xx   |
| XFP RF Transmitters                                  | XT04xxx, XT05xxx, XT06xxx, XT07xxx   |
| SFP Transceivers                                     | FTLF1319xxxx, FTLF1419xxxx, FTLF1518xxxx, FTLF1519xxxx, FTLF1619xxxx   |
| SW SFP+ Transceivers                                 | FTLX857xD3Bxx, FTSX857xD3Bxx, FTLF8526P3xxxx, FTLF8528P3xxxx, FTLF8529P3xxxx, FTLF8546P3xxxx, FTLF8829P3   |
| LW SFP+ Transceivers                                 | FTLX137xD3Bxx, FTLX147xx3Bxx, FTSX147xD3Bxx, FTLX1772M3xxx, FTLX167xx3Bxx, FTLX1871x3Bxx, FTLF1428P2xxxx, FTLF1428P3xxxx, FTLF1429P3xxxx, FTLX2071D3xx |
| xWDM SFP+ Transceivers                               | FTLX2471D3xxx, FTLX3871xxxxxx, FTLX3971xxxxxx  |
| Waveshaper Products                                  | WS-*   |
| XFP Transceivers                                     | FTLX1413, FTLX1612, FTLX1812, FTLX3613, FTLX3813, FTLX8512, FTLX4213.  |
| XAUI Transponders                                    | FTLX1442, FTLX8541, FTLX1462   |
| PON Stick  | FTEN2x1x, FTGN2117   |

#### Reason for Change

Finisar routinely qualifies multiple vendors for components within the design of its products. This second sourcing activity will improve the stability of the supply chain for the Flex cables used in the products listed in the previous table.

**Detailed Description of Change**

Finisar is qualifying this second source so that they may be added as an approved Flex cable supplier for our products. As mentioned previously, this is being done for the following reasons: to improve the stability of supply, keep the cost competitiveness, and maintain the high level of quality of these components used in Finisar's products.

**Implementation Date**

The implementation of the PCN will be a rolling change which is anticipated to begin in November 2016. Product samples and additional information are available upon request. Qualification Reports should be available by approximately mid-October 2016.

**For more information please contact your local Finisar representative, or**
